

# Speakers Bureau

## QUICK FACTS

**The Speakers Bureau is a free service provided by the Correctional Service of Canada.**

The Speakers Bureau connects communities, schools and organizations with qualified speakers who have working experience in the correctional process.

### WHY USE THE SPEAKERS BUREAU?

By inviting a speaker, citizens have the opportunity to learn about public safety and correctional issues ranging from incarceration to reintegration into the community, as well as volunteering, restorative justice and victim services.

### SPEAKERS

Speakers are available to discuss a variety of subjects related to the federal correctional system in Canada. They all have work experience in areas that directly and indirectly affect offenders.
